

 TouchStock

Mobile Stock Management

TouchStock a hand-held stock control software

Simple *Operation.*

TouchStock counts stock, scans barcodes, checks deliveries and generates labels. It syncs with TouchOffice Web+ to create orders and update stock quantities.

TouchStock handles data effortlessly, enabling you to carry out a partial stock-take whenever you want. There's no need to check the store because you'll be able to check one line of products instead.

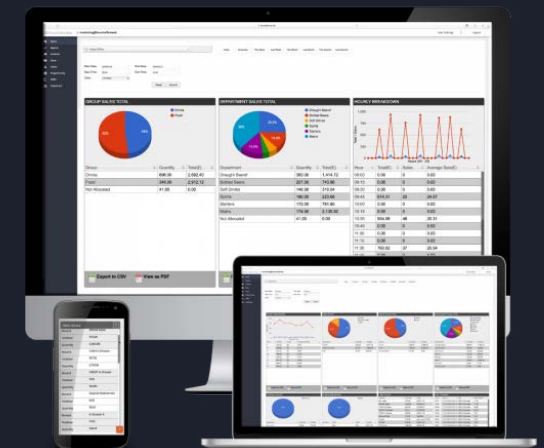

Syncs with *TouchOffice Web+.*

Complete control over your business.

Real time and historical sales reports at your fingertips. TouchOffice Web provides complete control over your business from anywhere. Stock, staff, pricing and programming; TouchOffice Web gives you control over it all.

Know your stock levels, schedule / place orders and easily keep track of your ins & outs.

Deliveries.

When your order arrives TouchStock gives you the power to accurately, quickly and reliably check deliveries. Link TouchStock with TouchOffice Web to update your stock.

Wastage.

At the end of the day, quickly scan an item and enter the quantity for wastage to update your stock levels.

Quicker Stock Take.

Using TouchStock you can perform quick and easy stock takes with more accuracy, freeing up your staff.

Price Check.

TouchStock will check that the price on the shelf is also the price you're charging at the till. Limit functionality and TouchStock is perfect for use as a customer operated price checker unit.

Generate Labels.

Sync with TouchOffice Web+ to easily generate a new shelf-edge label. No writing required and everything's back on track.

Reduce Mistakes.

You aren't relying on staff knowing what every product is called, just scan the barcode so products aren't counted twice.

Branch To Branch.

Transfer stock from one branch stockholding station to another and TouchOffice Web + will update instantly.

TouchStock scans everything.

TouchStock scans everything, item-by-item. Count up what you have and key in the total, then connect TouchStock to TouchOffice for a no-effort tally on what's been sold.
